1. Record Nr.   UNINA9910413439803321

   Titolo   Emerging Technology Trends in Electronics, Communication and
                        Networking : Third International Conference, ET2ECN 2020, Surat,
                        India, February 7–8, 2020, Revised Selected Papers / / edited by Shilpi
                        Gupta, Jignesh N. Sarvaiya

   Pubbl/distr/stampa   Singapore : , : Springer Nature Singapore : , : Imprint : Springer, , 2020

   ISBN   981-15-7219-4

   Edizione   [1st ed. 2020.]

   Descrizione fisica   1 online resource (XXI, 277 p.) : 196 illus., 160 illus. in color

   Collana   Communications in Computer and Information Science, , 1865-0937 ; ;
                        1214

   Disciplina   261.52

   Soggetti   Computer networks
                        Application software
                        Computer systems
                        Artificial intelligence
                        Computer vision
                        Computer Communication Networks
                        Computer and Information Systems Applications
                        Computer System Implementation
                        Artificial Intelligence
                        Computer Vision

   Lingua di pubblicazione   Inglese

   Formato   Materiale a stampa

   Livello bibliografico   Monografia

   Nota di bibliografia   Includes bibliographical references and index.

   Nota di contenuto   Electronics -- Communication -- Networking. .

   Sommario/riassunto   This book constitutes refereed proceedings of the Third International
                        Conference on Emerging Technology Trends in Electronics,
                        Communication and Networking, ET2ECN 2020, held in Surat, India, in
                        February 2020. The 17 full papers and 6 short papers presented were
                        thoroughly reviewed and selected from 70 submissions. The volume
                        covers a wide range of topics including electronic devices, VLSI design
                        and fabrication, photo electronics, systems and applications, integrated
                        optics, embedded systems, wireless communication, optical
                        communication, free space optics, signal processing, image/ audio/

video processing, wireless sensor networks, next generation networks, network security, and many others.
