

1. Record Nr.	UNINA9910416128803321
Titolo	Childhood Trauma in Mental Disorders : A Comprehensive Approach // edited by Gianfranco Spalletta, Delfina Janiri, Federica Piras, Gabriele Sani
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2020
ISBN	3-030-49414-4
Edizione	[1st ed. 2020.]
Descrizione fisica	1 online resource (456 pages)
Disciplina	616.8582239
Soggetti	Psychiatry Neurology Neurosciences Neuroscience Traumes psíquics Psicologia infantil Psiquiatria infantil Psicoteràpia infantil Atenció a la infància i a l'adolescència Farmacologia pediàtrica Llibres electrònics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	PART I. GENERAL Chapter 1. Introduction on Childhood Trauma in Mental Disorders, A Comprehensive Approach -- Chapter 2. The Concept of Childhood Trauma in Psychopathology: Definitions and Historical Perspectives -- PART II. NEUROBIOLOGY. Chapter 3. Neuroimaging and Cognition of Early Traumatic Experiences -- Chapter 4. Perinatal Mental Health and Childhood Trauma -- Chapter 5. Electroencephalography and Childhood Trauma -- Chapter 6. Interaction Between Genes and Childhood Trauma on the Outcome of Psychiatric Disorders -- Chapter 7. Childhood Trauma, Attachment Patterns, and Psychopathology: An Evolutionary Analysis -- PART III. NEUROPSYCHIATRIC DISORDERS. Chapter 8. Childhood Trauma in

Bipolar Disorders -- Chapter 9. Childhood Trauma in Depressive Disorders -- Chapter 10. Childhood Trauma in Psychiatric Disorders: Childhood Trauma in Psychoses -- Chapter 11. PTSD During Childhood, Childhood Trauma, Childhood Maltreatment, and How They Relate to Adult PTSD -- Chapter 12. Childhood Trauma and Personality Disorder -- Chapter 13. Childhood Trauma in Psychiatric Disorders: Childhood Trauma and Substance Dependence -- Chapter 14. Childhood Trauma in Obsessive Compulsive Disorder -- Chapter 15. Childhood Trauma in Eating Disorders -- Chapter 16. Childhood Trauma and Dissociative Disorders -- Chapter 17. Trauma in Children with Neurodevelopmental Disorders: Autism, Intellectual Disability, and Attention-Deficit/Hyperactivity Disorder -- Chapter 18. Neurobiological Basis of Childhood Trauma and the Risk for Neurological Deficits Later in Life -- PART IV: SOCIAL AND THERAPEUTIC IMPLICATIONS. Chapter 19. Childhood Trauma and Stigma -- Chapter 20. Treatment of Childhood Trauma: Pharmacological Approach -- Chapter 21. Childhood Trauma related Interventions: Treatment at Different Stages Across the Lifespan. .

Sommario/riassunto

This volume presents a comprehensive overview of childhood trauma, considering the psychopathological definition and its neurobiological implications as well as its impact on different psychiatric disorders. The focus on childhood trauma rather than that occurring in adulthood is important due to its general “neuro-psyco-socio” and its specific biological implications, since trauma during childhood impacts directly on neurodevelopment. It has been suggested that early life stress increases vulnerability to psychiatric disorders; however, the exact mechanisms of this association are not yet completely understood. Although childhood trauma could be considered too unspecific to be an important risk factor for individual psychiatric disorders since it seems to occur across the board, it impacts differently on different psychiatric disorders, and it can modulate their clinical expression. Therefore, the assessment of early trauma needs to be included in the clinical evaluation of patients with psychiatric disorders. The volume will be an invaluable tool for psychiatrists, helping them to select suitable pharmacological, psychotherapeutic and rehabilitative treatments.
