Collana	Portvgaliae Monvmenta Neolatinavol ; ; XXII
Lingua di pubblicazione	Portoghese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	Among all the Commentaries on the 'Nichomachean Ethics' by Aristotle, the Jesuit Coimbra Commentary (16th Century), written by Manuel de Góis, as a part of the widely known Jesuit Coimbra Commentaries (1592-1606), has its particularities. It is not a full-scale treatment of the Aristotelian title but its nine disputations form a brief compendium in which it is possible to see the relevance of Thomas Aquinas's Summa theologiae. As happened with the other Coimbra titles, the Ethica soon spread throughout European Universities and Colleges, and arrived in South American territories and China. The present volume, the second tome of the series that the IUC is presently publishing, introduces the Coimbra text and provides a modern edition of the original Latin with a Portuguese translation.

2. Record Nr.	UNISANNIOUBO1814930	
Autore	Howkins, Ward	
Titolo	Mass communication in China / John Howkins	
Pubbl/distr/stampa	New York [etc.], : Longman, c1982	
ISBN	0582282640
