Sommario/riassunto	This book is the first to celebrate the stories of this group of Aboriginal mentors and leaders and present them in a form that is accessible to both academic and general audiences. In this book, Aboriginal sport coaches from all over Australia share stories about their involvement in

sport and community, offering insight into the diverse experiences of Aboriginal people in settler colonial Australia. This collection amplifies the public voice of Aboriginal coaches who are transforming the social, cultural, and political lives of Aboriginal and non-Aboriginal people. These stories have been overlooked in public discussion about sport and indigeneity. Frank and often funny, these intimate narratives provide insight into the unique experiences and attitudes of this group of coaches. This book deepens our understanding of the shared and contested history of Aboriginal peoples' engagement with sport in Australia.
