Sommario/riassunto	The Oxford Bible Commentary is a Bible study and reference work for 21st century students and readers that can be read with any modern translation of the Bible. It offers verse-by-verse explanation of every book of the Bible by the world's leading biblical scholars. From its inception, OBC has been designed as a completely non-denominational commentary, carefully written and edited to provide the best scholarship in a readable style for readers from all different faith backgrounds. It uses the traditional historical-critical method to search for the original meaning of the texts, but also bring

Sommario/riassunto	This book constitutes the proceedings papers from the 17th European, Mediterranean, and Middle Eastern Conference on Information Systems, EMCIS 2020, held in Dubai, UAE, in November 2020. Due to the COVID-19 pandemic the conference took place virtually. EMCIS focuses on approaches that facilitate the identification of innovative research of significant relevance to the Information Systems discipline following sound research methodologies that lead to results of measurable impact. The 56 papers presented in this volume were carefully reviewed and selected from a total of 161 submissions to the main conference. They are grouped in section on Big Data and Analytics, Blockchain Technology and Applications, Digital Government, Digital Services and Social Media, Emerging Computing Technologies and Trends for Business Process Management, Enterprise Systems, Healthcare
