Sommario/riassunto	This book constitutes the 14th edition of the annual Multi-Agent Programming Contest, MAPC 2019, and presents its participants. The 2019 scenario and all its changes from previous competitions are described in the first contribution, together with a brief description and analysis of the five participating teams and a closer look at the matches. It is followed by a contribution from each team, introducing their methods and tools used to create their agent team and analyzing their performance and the contest.
