Sommario/riassunto	This book focuses on the latest cutting-edge research for achieving sustainable development goals during urbanisation in the Belt and Road Initiative Era. The book aims on tackling urban challenges on social and environmental issues. The book is a compilation of selected papers from the 2020 International Conference on Resource Sustainability – Sustainable Urbanisation in the BRI Era (icRS Urbanisation 2020). The contents make valuable contributions to academic researchers, practitioners in the industry and policymakers of respective authorities. Readers will also encounter new ideas for realising a better sustainable development for urbanisation.
