Note generali	The JHIA currently publishes two issues within a volume (calendar year). One of them is the proceedings of the HELINA conference in that year, comprising of the peer reviewed full papers accepted to the conference. The other one is an open-call issue, comprising of papers that have been submitted directly to the journal, peer reviewed (possibly modified and re-reviewed) and accepted for publication before the due date of the issue in question. Refereed/Peer-reviewed
