   Titolo   Linked Data and Knowledge Graph : Seventh Chinese Semantic Web
                         Symposium and the Second Chinese Web Science Conference, CSWS
                         2013, Shanghai, China, August 12-16, 2013. Revised Selected Papers /
                         / edited by Guilin Qi, Jie Tang, Jianfeng Du, Jeff Z. Pan, Yong Yu

   Pubbl/distr/stampa   Berlin, Heidelberg : , : Springer Berlin Heidelberg : , : Imprint : Springer,
                         , 2013

   ISBN   3-642-54025-2

   Edizione   [1st ed. 2013.]

   Descrizione fisica   1 online resource (X, 247 p. 94 illus.)

   Collana   Communications in Computer and Information Science, , 1865-0929 ; ;
                         406

   Disciplina   006.312

   Soggetti   Data mining
                         Application software
                         Artificial intelligence
                         Data Mining and Knowledge Discovery
                         Information Systems Applications (incl. Internet)
                         Artificial Intelligence

   Lingua di pubblicazione   Inglese

   Formato   Materiale a stampa

   Livello bibliografico Monografia

   Note generali   Bibliographic Level Mode of Issuance: Monograph

   Nota di contenuto   Semantic search -- Ontology reasoning -- Social semantic Web --
                         Knowledge graph.

   Sommario/riassunto   This book constitutes the refereed proceedings of the Seventh Chinese
                         Semantic Web Symposium and the Second Chinese Web Science
                         Conference, CSWS 2013, held in Shanghai, China in August 2013. The
                         14 revised full papers presented together with 6 short papers and 3
                         poster papers were carefully reviewed and selected from 48
                         submissions. The papers cover a wide range of topics, including
                         semantic search, ontology reasoning, social semantic Web, knowledge
                         graph, etc.
