

1. Record Nr.	UNINA9910437766503321
Titolo	Design, Fabrication and Economy of Metal Structures : International Conference Proceedings 2013, Miskolc, Hungary, April 24-26, 2013 // edited by Károly Jármai, József Farkas
Pubbl/distr/stampa	Berlin, Heidelberg : , : Springer Berlin Heidelberg : , : Imprint : Springer, , 2013
ISBN	9783642366918 3642366910
Edizione	[1st ed. 2013.]
Descrizione fisica	1 online resource (xx, 671 pages) : illustrations (some color)
Collana	Gale eBooks
Altri autori (Persone)	JarmaiKarloly FarkasJozsef <1944->
Disciplina	693.7
Soggetti	Mechanics, Applied Metals Engineering design Engineering Mechanics Metals and Alloys Engineering Design
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes author index.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Section 1 Structural optimization -- Section 2 Thin-walled structures -- Section 3 Stability -- Section 4 Fatigue -- Section 5 Frames -- Section 6 Fire -- Section 7 Fabrication -- Section 8 Welding technology -- Section 9 Applications -- Section 10 Steel-concrete composite -- Section 11 Special problems.
Sommario/riassunto	These are the proceedings of the International Conference on Design, Fabrication and Economy of Metal Structures held on 24-26 April 2013 in Miskolc, Hungary which contain 99 papers covering: Structural optimization Thin-walled structures Stability Fatigue Frames Fire Fabrication Welding technology Applications Steel-concrete composite Special problems The authors are from 23 different countries, ensuring that the themes covered are of worldwide interest and importance. The International Institute of Welding (IIW), the International Society of Structural and Multidisciplinary Optimization (ISSMO), the TÁMOP 4.2.1.

B-10/2/KONV-2010-0001 project entitled "Increasing the quality of higher education through the development of research - development and innovation program at the University of Miskolc supported by the European Union, co-financed by the European Social Fund" and many other sponsors helped organizers to collect these valuable studies, the results of which will provoke discussion, and provide an important reference for civil and mechanical engineers, architects, researchers and structural designers and fabricators, as well as managers in a range of industries including building, transport, shipbuilding, aircraft, chemical and offshore engineering.
