

1. Record Nr.	UNINA9910437841003321
Titolo	Hot topics in infection and immunity in children . IX // Nigel Curtis, Adam Finn, Andrew J. Pollard, editors
Pubbl/distr/stampa	New York, : Springer, 2013
ISBN	1-283-93365-9 1-4614-4726-7
Edizione	[1st ed. 2013.]
Descrizione fisica	1 online resource (260 p.)
Collana	Advances in experimental medicine and biology, , 0065-2598 ; ; v. 764
Altri autori (Persone)	CurtisNigel FinnAdam PollardAndrew J
Disciplina	618.929
Soggetti	Infection in children Communicable diseases in children Children - Diseases - Immunological aspects
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Innovation for the 'bottom 100 million': eliminating neglected tropical diseases in the Americas -- Non-typhoidal Salmonella in children: microbiology, epidemiology and treatment -- Invasive fungal infections in patients with chronic granulomatous disease -- Clostridium difficile in children: a review of existing and recently uncovered evidence -- Diarrhea among children in developing countries -- Building confidence in vaccines -- Chronic recurrent multifocal osteomyelitis -- Recognition and treatment of chlamydial infections from birth to adolescence -- Treatment of resistant bacterial infections in children: thinking inside and outside the box -- An encephalitis primer -- The evidence behind prophylaxis and treatment of wound infection after surgery -- Infectious risks associated with biologics -- Cat scratch disease and other Bartonella infections -- When to think of Immunodeficiency? -- Mycetoma by Madurella mycetomatis: A completely neglected medico-social dilemma -- Elucidation and clinical role of emerging viral respiratory tract infections in children -- Urinary tract infections in children: microbial virulence versus host susceptibility -- Preventing urinary tract infections in early childhood

-- How to get and get rid of gonorrhoea -- Management of severe malaria: results from recent trials. When to think of Immunodeficiency?
-- Mycetoma by *Madurella mycetomatis*: A completely neglected medico-social dilemma -- Elucidation and clinical role of emerging viral respiratory tract infections in children -- Urinary tract infections in children: microbial virulence versus host susceptibility -- Preventing urinary tract infections in early childhood -- How to get and get rid of gonorrhoea -- Management of severe malaria: results from recent trials.

Sommario/riassunto

Hot Topics in Infection and Immunity IX.
