

1. Record Nr.	UNINA9910437864803321
Autore	Mukherjee Amiya
Titolo	Atiyah-Singer Index Theorem - An Introduction : An Introduction // by Amiya Mukherjee
Pubbl/distr/stampa	Gurgaon : , : Hindustan Book Agency : , : Imprint : Hindustan Book Agency, , 2013
ISBN	93-86279-60-6
Edizione	[1st ed. 2013.]
Descrizione fisica	1 online resource (276 p.)
Collana	Texts and Readings in Mathematics
Disciplina	510
Soggetti	Mathematics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	<p>This monograph is a thorough introduction to the Atiyah-Singer index theorem for elliptic operators on compact manifolds without boundary. The main theme is only the classical index theorem and some of its applications, but not the subsequent developments and simplifications of the theory. The book is designed for a complete proof of the K-theoretic index theorem and its representation in terms of cohomological characteristic classes, with an effort to make the demands on the knowledge of background materials as modest as possible by supplying the proofs of all most every result. The applications include Hirzebruch signature theorem, Riemann-Roch-Hirzebruch theorem, Atiyah-Segal-Singer fixed point theorem, etc.</p>
