Titolo	Proceedings of the 2nd International Conference on Green Communications and Networks 2012 (GCN 2012) . Volume 1 // Yuhang Yang, Maode Ma, editors
Pubbl/distr/stampa	Berlin, : Springer, c2013
ISBN	1-299-33585-3 3-642-35419-X
Edizione	[1st ed. 2013.]
Descrizione fisica	1 online resource (800 p.)
Collana	Lecture notes in electrical engineering ; ; vol. 223
Altri autori (Persone)	YangYuhang MaMaode
Disciplina	621.382
Soggetti	Knowledge management Web applications
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Intelligent Control -- Efficient Management -- Optimal Design of Access Network Infrastructures -- Home Networks -- Terminal Equipment.
Sommario/riassunto	The objective of the 2nd International Conference on Green Communications and Networks 2012 (GCN 2012) is to facilitate an exchange of information on best practices for the latest research advances in the area of communications, networks and intelligence applications. These mainly involve computer science and engineering, informatics, communications and control, electrical engineering, information computing, and business intelligence and management. Proceedings of the 2nd International Conference on Green Communications and Networks 2012 (GCN 2012) will focus on green information technology and applications, which will provide in-depth insights for engineers and scientists in academia, industry, and government. The book addresses the most innovative research developments including technical challenges, social and economic issues, and presents and discusses the authors' ideas, experiences, findings, and current projects on all aspects of advanced green information technology and applications. Yuhang Yang is a professor at

the Department of Electronic Engineering, Shanghai Jiao Tong University. Maode Ma is an associate professor at the School of Electrical & Electronic Engineering, Nanyang Technological University.
