

1. Record Nr.	UNINA9910437933403321
Titolo	Coral reefs of the United Kingdom overseas territories // Charles R.C. Sheppard, editor
Pubbl/distr/stampa	Dordrecht ; ; New York, : Springer, c2013
ISBN	1-299-40814-1 94-007-5965-7
Edizione	[1st ed. 2013.]
Descrizione fisica	1 online resource (334 p.)
Collana	Coral reefs of the world, , 2213-719X ; ; v.4
Altri autori (Persone)	SheppardCharles (Charles R. C.)
Disciplina	578.7789
Soggetti	Coral reef ecology - Great Britain - Territories and possessions Coral reefs and islands - Great Britain - Territories and possessions
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di contenuto	1. An appraisal of the extent and geomorphological diversity of the coral reefs of the United Kingdom Dependent Territories -- 2. Coral Reefs of Anguilla -- 3. Introduction to reefs and shorelines of the British Virgin Islands -- 4. Marine protected areas and management in the British Virgin Islands -- 5. Anegada: An emergent Pleistocene reef island -- 6. Coral Reefs of the Cayman Islands -- 7. Biology and ecology of the coral reefs of the Cayman Islands -- 8. Coral Reefs of Montserrat -- 9. The Reefs of the Turks and Caicos Islands -- 10. Introduction to Bermuda: Geology, Oceanography and Climate -- 11. Biology and ecology of corals and fishes on the Bermuda Platform -- 12. Biogeography, biodiversity and connectivity of Bermuda's coral reefs -- 13. Threats to coral reefs of Bermuda -- 14. Scleractinia, Octocorallia and Antipatharia of Bermuda's reefs and deep-water coral communities: a taxonomic perspective including new records -- 15. Total Economic Value of Bermuda's Coral Reefs: A summary -- 16. Ascension Island's hermatypic but non-reef building corals -- 17. British Indian Ocean Territory (the Chagos Archipelago): setting, connections and the Marine Protected Area -- 18. Coral Reefs of the Chagos Archipelago, Indian Ocean -- 19. The status of coral reef fish assemblages in the Chagos Archipelago, with implications for protected area management and climate change -- 20. Coral Islands of the British Indian Ocean Territory (Chagos Archipelago) -- 21. Pollution and

impacts in BIOT -- 22. Coral reefs of the Pitcairn Islands. Coral Islands of the British Indian Ocean Territory (Chagos Archipelago) -- 21. Pollution and impacts in BIOT -- 22. Coral reefs of the Pitcairn Islands.

## Sommario/riassunto

The tropical UK Territories have extensive coral reefs. Huge parts of these areas are exceptionally rich, productive and diverse. Their marine biodiversity exceeds that of the UK itself, and several are already, or are planned to be, strictly protected. Some of these areas serve as reference sites for many other countries with damaged reefs and they are oases of tropical marine biodiversity in a fast-degrading world. This book reviews all of the UK reefs, from those scarcely known to those where substantial research has already been performed.
