

1. Record Nr.	UNINA9910437986503321
Titolo	Neuropsychiatric Symptoms of Cerebrovascular Diseases [[electronic resource] /] / edited by José M. Ferro
Pubbl/distr/stampa	London : , : Springer London : , : Imprint : Springer, , 2013
ISBN	1-4471-2428-6
Edizione	[1st ed. 2013.]
Descrizione fisica	1 online resource (340 p.)
Collana	Neuropsychiatric Symptoms of Neurological Disease, , 2196-2898
Disciplina	616.81
Soggetti	Neurology Psychiatry Angiology Critical care medicine Clinical psychology Neurology Intensive / Critical Care Medicine Clinical Psychology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Part 1: Psychiatry of Stroke -- Delirium in stroke patients -- Poststroke Illusions and Hallucinations -- Depression after Stroke -- Mania -- Anxiety Disturbances in Stroke Patients -- Apathy -- Disturbances in the voluntary control of emotional expression after stroke -- Poststroke Aggressiveness -- Neuropsychiatric Symptoms of Cerebrovascular Diseases -- Part 2: Psychiatry of Vascular Cognitive Impairment -- Neuropsychiatric symptoms of CADASIL -- Neuropsychiatric aspects of vascular cognitive impairment -- Part 3: Cerebrovascular Disease and Psychiatric Disturbances -- Psychological and psychiatric triggers and risk factors for stroke -- Vascular Depression -- Cerebrovascular Disease and Bipolar Disorder.
Sommario/riassunto	Neuropsychiatric Symptoms of Cerebrovascular Diseases is an up-to-date, comprehensive review of the neuropsychiatry of stroke, by active authorities in the field, with an emphasis on diagnostic and management issues. Neuropsychiatric Symptoms of Cerebrovascular Diseases includes critical appraisal of the methodological aspects and

limitations of the current research on the neuropsychiatry of stroke and on unanswered questions/controversies. Pharmacological aspects of management are discussed, to provide robust information on drug dosages, side effects and interaction, in order to enable the reader to manage these patients more safely. Illustrative cases provide real life scenarios that are clinically relevant and engaging to read. Neuropsychiatric Symptoms of Cerebrovascular Diseases is aimed at neurologists, stroke physicians and psychiatrists, and will also be of interest to intensive care doctors, psychologists and neuropsychologists, research and specialist nurses, clinical researchers and methodologists.
