

1. Record Nr.	UNINA9910438025803321
Autore	Schier F
Titolo	Laparoscopy in children // Felix Schier, Salmai Tural
Pubbl/distr/stampa	Heidelberg ; ; New York, : Springer, 2013
ISBN	3-642-37638-X
Edizione	[2nd ed.]
Descrizione fisica	1 online resource (150 p.)
Altri autori (Persone)	TuralSalmai
Disciplina	610 617 617.98 618.1059
Soggetti	Children - Surgery Laparoscopic surgery Abdomen - Surgery
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di contenuto	Equipment, Children, Anesthesia, Gas Embolism -- Technical Basics: Insufflation, Trocar Insertion, Instruments, Needle Insertion, Suturing, Ligating -- Thoracoscopic Procedures -- Upper Abdomen -- Right Upper Abdomen -- Urogenital Procedures -- Middle And Lower Gastrointestinal Tract -- Index.
Sommario/riassunto	When Laparoscopy in Children was first published in 2003, it quickly became popular with pediatric surgeons worldwide owing to its clear schematic drawings and concise text. This new edition has been revised and enlarged to cover the new procedures and other advances that have emerged in the intervening period, during which the number of operations has almost doubled. Now, the vast majority of indications for laparoscopy in children are presented and discussed. Each operation is systematically described and illustrated step by step, providing the reader with the technical guidelines required to perform laparoscopy safely even in small children. Laparoscopy in Children will be an invaluable guide for all surgeons who perform, or plan to perform, such operations.
