

1. Record Nr.	UNINA9910438083503321
Autore	Hoeyer Klaus
Titolo	Exchanging human bodily material : rethinking bodies and markets / / Klaus Hoeyer
Pubbl/distr/stampa	Dordrecht, : Springer, 2013
ISBN	1-283-94644-0 94-007-5264-4
Edizione	[1st ed. 2013.]
Descrizione fisica	1 online resource (198 p.)
Disciplina	174.29795
Soggetti	Sale of organs, tissues, etc - Moral and ethical aspects Medical ethics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	1. Introduction -- 2. What is a market? -- 3. What is a human body? -- 4. Ubject exchange as everyday practice -- 5. Ubjectology -- 6. Conclusion.
Sommario/riassunto	This book addresses the debate usually tagged as being about 'markets in human body parts' which is antagonistically divided into pro-market and anti-market positions. The author provides a set of propositions about how to approach this and shows a way out of the concrete impasse of it. Assumptions about markets and bodies that characterize this debate are analyzed and described while the author argues that these assumptions are in fact constitutive for exchanges of human bodily material – but in unacknowledged ways. It is concluded that what we need is a different analytical approach to better understand the mechanisms at play when organizations exchange organs, tissues and cells for use in transplantation and fertility medicine. Assumptions about markets and bodies that characterize this debate are analyzed and described while the author argues that these assumptions are in fact constitutive for exchanges of human bodily material – but in unacknowledged ways. It is concluded that what we need is a different analytical approach to better understand the mechanisms at play when organizations exchange organs, tissues and cells for use in transplantation and fertility medicine.
