Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Introduction -- CHAPTER 1 Critical overview of principlist theories -- 1.1 The 'Four-Principles' Approach -- 1.1.1 Theoretical basis -- 1.1.2 The Paradigm case -- 1.1.3 The doctor-patient relationship -- 1.2 Robert Veatch's model of Lexical Ordering -- 1.3 The Principle of Permission -- CHAPTER 2 Phenomenological roots of Principles -- 2.1 The nature of the physician-patient relationship -- 2.1.1 Communication -- 2.1.2 Goals of Medicine -- 2.1.3 The 'care' in Health Care -- 2.1.4 The special bond -- 2.2 The Principle of Beneficence and virtue -- 2.3 Nonmaleficence -- 2.3.1 Patient authority or trust -- 2.3.2 Epistemology -- 2.4 Respect for Autonomy -- 2.4.1 A historical and epistemological perspective -- 2.4.2 A cultural appraisal -- 2.5 The dual nature of Justice -- 2.5.1 The Justice of society -- 2.5.2 Justice in Health-Care -- CHAPTER 3 Principles as a consequence of the relationship -- 3.1 Need for grounding principles in -- the relationship -- 3.2 Defining the ontological entities -- 3.3 The physician as an entity -- 3.3.1 Levelling-down of medical relationships -- 3.3.2 Being as Understanding -- 3.4 The Patient as entity - potential for being truly-autonomous -- 3.4.1 Dimensions of the illness experience -- 3.4.2 True Autonomy and the Authenticity of the relationship -- 3.5

Hermeneutics of the relationship -- 3.6 Phenomenology of the clinical encounter -- CHAPTER 4 The principle of Justice in a secular society -- 4.1 Being-with-one-another and the Golden Rule -- 4.1.1 Being-with-one-another -- 4.1.2 The Golden Rule -- 4.2 Common Values -- 4.2.1 Implications in Bioethics -- 4.2.2 The naturalistic fallacy -- 4.3 Common morality and Being-with-one-another -- 4.3.1 Confronting rival traditions -- 4.3.2 Being-with-one-another -- CHAPTER 5 The question of social construct theories Reappraising and phenomenology of the doctor-patient relationship.- 5.1 Post-modernism and medicine -- 5.2 Socially constructed theories -- 5.3 A philosophy based on the phenomenology of the relationship -- 5.4 The ontology of the patient, the doctor and the relationship -- 5.5 Truth concealed -- 5.6 The Clinical Encounter -- CHAPTER 6.- Conclusion -- BIBLIOGRAPHY.

Sommario/riassunto

This book serves to unite biomedical principles, which have been criticized as a model for solving moral dilemmas by inserting them and understanding them through the perspective of the phenomenon of health care relationship. Consequently, it attributes a possible unification of virtue-based and principle-based approaches.
