

1. Record Nr.	UNINA9910438150403321
Titolo	Pattern formation in morphogenesis : problems and mathematical issues // Vincenzo Capasso ... [et al.] editors
Pubbl/distr/stampa	New York, : Springer, 2013
ISBN	1-283-69734-3 3-642-20164-4
Edizione	[1st ed. 2013.]
Descrizione fisica	1 online resource (282 p.)
Collana	Springer proceedings in mathematics, , 2190-5614 ; ; v. 15
Altri autori (Persone)	CapassoVincenzo
Disciplina	571.8330151
Soggetti	Pattern formation (Biology) Morphogenesis
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	pt. 1. Biological background -- pt. 2. Mathematical models -- pt. 3. Ideas, hypothesis, suggestions.
Sommario/riassunto	Pattern Formation in Morphogenesis is a rich source of interesting and challenging mathematical problems. The volume offers an interdisciplinary interaction space between biologists working in this field and mathematicians, who may propose solutions to the problems put forward by biologists. The main goal is to facilitate the process of cultivating a mutual recognition of the complementary skills between biologists and mathematicians, to the point where the resulting synergy generates new and novel discoveries in the field of Developmental Biology. Lastly, the volume shows how a combination of new discoveries in developmental biology and associated mathematical modeling and computational techniques has stimulated or may stimulate relevant advances in the field.
