

1. Record Nr.	UNINA9910446318203321
Titolo	Environment and livelihoods in tropical coastal zones : managing agriculture-fishery-aquaculture conflicts // edited by Chu Thai Hoanh ... [et al.]
Pubbl/distr/stampa	Wallingford, UK ; ; Cambridge, MA, : CABI Pub., c2006
ISBN	1-280-73603-8 9786610736034 1-84593-218-8
Edizione	[1st ed.]
Descrizione fisica	1 online resource (xiv, 309 pages) : illustrations, maps
Collana	Comprehensive assessment of water management in agriculture series ; ; 2
Altri autori (Persone)	ChuThai Hoanh <1949->
Disciplina	639.80913
Soggetti	Aquaculture - Tropics Agriculture - Tropics Fisheries - Tropics Coastal zone management - Environmental aspects - Tropics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"In association with the International Rice Research Institute (IRRI) and the International Water Management Institute (IWMI)."
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	""Contents""; ""Contributors""; ""Preface""; ""Series Foreword: Comprehensive Assessment of Water Management in Agriculture""; ""1. Sommario/riassunto

This book focuses on the challenges people face in managing agricultural crops, aquaculture, fisheries and related ecosystems in inland areas of coastal zones in the tropics of Asia, Africa, Australia and South America. These challenges can create conflicts in the use of natural resources between different stakeholders. Through many case studies, the book discusses the nature of the conflicts and identifies what is known and not known about how to manage them.
