Nota di contenuto	Contents; Contributors; Preface; Series Foreword; PART I: INTRODUCTION; PART II: AQUACULTURE AND FISHERIES; PART III: AGRICULTURE; PART IV: COMMUNITIES AND GOVERNANCE; PART V: COASTAL AND DELTA ENVIRONMENTS; Index
Sommario/riassunto	Tropical coastal deltas represent one of the most diverse biophysical regions in the developing world. Focusing on the developing countries of Asia, Africa and South America, this title explores the diverse livelihoods of people in these areas and the impact of land-water management on the environment.
