

1. Record Nr.	UNINA9910446349003321
Autore	Heather Neil W
Titolo	Pest management and phytosanitary trade barriers / / Neil W. Heather and Guy J. Hallman
Pubbl/distr/stampa	Wallingford, UK ; ; Cambridge, MA, : CABI, c2008
ISBN	1-281-20462-5 9786611204624 1-84593-344-3
Edizione	[1st ed.]
Descrizione fisica	1 online resource (267 p.)
Classificazione	48.54
Altri autori (Persone)	HallmanGuy J
Disciplina	632 632/.7
Soggetti	Food crops - Protection Food crops - Losses - Prevention Food crops - Postharvest losses - Prevention Insect pests - Control Bioterrorism
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. 226-251) and index.
Nota di contenuto	Contents; Preface; Acknowledgements; 1 Pest Management and Phytosanitary Trade Barriers; 2 Agricultural Warfare and Bioterrorism Using Invasive Species; 3 Plant Regulatory Organizations; 4 Managing Risk of Pest Introduction, Establishment and Spread in a Changing World; 5 Systems and Related Approaches to Pest Risk Management; 6 Development of Postharvest Phytosanitary Disinfestation Treatments; 7 Disinfestation with Cold; 8 Phytosanitary Heat Treatments; 9 Phytosanitation with Ionizing Radiation; 10 Disinfestation by Fumigation; 11 Disinfestation with Modified (Controlled) Atmosphere Storage 12 Postharvest Phytosanitary Pesticide Treatments13 Miscellaneous Phytosanitary Treatments; Appendix I: The IPPC Model Phytosanitary Certificate; Appendix II: EPPO Guidelines on Pest Risk Analysis (EPPO, 2006); Glossary; References; Index
Sommario/riassunto	A significant amount of the world's economy is based upon the international trade of agricultural produce. This title reviews the social

and financial implications of phytosanitary trade barriers. It offers comprehensive coverage of pest related barriers and strategies for their implementation.
