Davis -- Doing good and doing well : shareholder activism, responsible investment, and mainline Protestantism / Lynn Robinson -- Love your enemies? : Protestants and foreign policy in the United States / Lester Kurtz and Kelly Goran Fulton -- Beyond quiet influence? : possibilities for the Protestant mainline / Robert Wuthnow.

Sommario/riassunto

Robert Wuthnow and John H. Evans bring together a stellar collection of essays that paints a contemporary portrait of American Protestantism—a denomination that has remained quietly, but firmly, influential in the public sphere. Mainline Protestants may have steered clear of the controversial, attention-grabbing tactics of the Religious Right, but they remain culturally influential and continue to impact American society through political action and the provision of social services. The contributors to this volume address religion's larger role in society and cover such topics as welfare, ecology, family, civil rights, and homosexuality. Pioneering, timely, and meticulously researched, *The Quiet Hand of God* will be an essential reference to the dynamics of American religion well into the twenty-first century.
