Sommario/riassunto

Anglo-French Relations in the Twentieth Century is a collection of
studies on the key episodes of the difficult and often discordant Anglo-
French exchange over the past century. The authors critically re-
evaluate: * the role of Spain in Anglo-French relations up to 1918 * the
missed opportunity of the 1920's with the failure of France and Britain
to find sufficient common ground and co-operation * the short-lived
Anglo-French alliance and the Second World War * the degree of
Anglo-French Imperial co-operation * the Suez Crisis * British and
French policies on Europe
