Sommario/riassunto	The nature of criminal law doctrines such as strict, corporate, and vicarious liability, and suggests that such doctrines require re-evaluation in the light of the reality of the corporate entity. This study will be of interest to academics, undergraduate and post-graduate students and practitioners.inciples of each device's operation and presents a block circuit diagram. Next he analyzes these 'real world' circuits in detail, and, finally, he discusses the present state-of-the-art. This approach will help to integrate the many different aspects of an electrical engineer's course work, from physical optics to digital signal processing, as never before. Very accessible and containing over 350

illustrations and many exercises.
