Sommario/riassunto

Advances in Quantitative Analysis of Finance and Accounting, New Series is a continuation (with new features) of the similarly titled book series that was previously published by JAI Press from 1991. AQAFANS is an annual publication designed to disseminate developments in the quantitative analysis of finance and accounting. It is a forum for statistical and quantitative analyses of issues in finance and accounting, as well as applications of quantitative methods to problems in financial management, financial accounting, and business management. The objective is to promote interaction between academic
