and the question of unprovenanced remainsHeritage that hurts: the
case of the grave of Cecil John Rhodes in the Matopos National Park,
Zimbabwe; Index

Sommario/riassunto

Inspired by a key session for the World Archaeological Congress in South Africa, *The Dead and their Possessions* is the first book to tackle the principle, policy and practice of repatriating museum artefacts, rather than cultural heritage in general. Increasingly, indigenous people world-wide are asserting their fundamental right to determine the future of the human remains of their ancestors, and are requesting their return, often for reburial, with varying degrees of success. This repatriation campaign has become hugely significant in universities and museums where h
