	Sommario/riassunto	Privatization has been one of the most important elements of public policy in the last decade and there have been massive transfers of ownership from the public to the private sector on a national and international level. This book combines thematic papers with country

case studies to discuss the mechanisms which have enabled this to occur, and to assess privatization's mixed achievements. The authors, international academics, practitioners and consultants and the process of privatization is discussed in East Germany, Nigeria, Pakistan, Guyana, Sri Lanka, Trinidad and Tobago, and Great Bri
