HARE; Natural theology Naturalism and cosmology WILLIAM LANE CRAIGNaturalism and design WILLIAM DEMBSKI
Sommario/riassunto	Naturalism provides a rigorous analysis and critique of the major varieties of contemporary philosophical naturalism. The authors advocate the thesis that contemporary naturalism should be abandoned, in light of the serious objections raised against it. Contributors draw on a wide range of topics including: epistemology, the philosophy of science, the philosophy of mind and agency, and

natural theology.
