Sommario/riassunto	Atlantic Europe is the zone par excellence of megalithic monuments, which encompass a wide range of earthen and stone constructions from impressive stone circles to modest chambered tombs. A single basic concept lies behind this volume - that the intrinsic qualities encountered within the diverse landscapes pf Atlantic Europe both informed the settings chosen for the monuments and played a role in

determining their form and visual appearance. Monuments and Landscape in Atlantic Europe goes significantly beyond the limits of existing debate by inviting archaeologists from different cou
