Buchanan -- Rural development in China -- Major issues relating to end-of-life care -- Neglected dimensions of development: inequality, conflict and aid -- On the theory of post-Communist economic transition to market -- Socio-economic factors determining adult literacy in developing countries Krishna Mazumdar Indian Statistical Institute, Kolkata, India -- Financial support systems: the student experience in England and France -- Distribution of income and the structure of economy and society -- A socio-economic framework of interpretation and analysis.
Sommario/riassunto	Purpose - The aim of this article is to analyze and compare the share economy and the constitutionaleconomy approaches. The fact that numerous world-class multinationals have chosen to offer stockoptions to managers and bonus share incentives to employees denotes a realization that anyimprovement in the performance of an economy affected by several constraints, as is the case in theEuropean economy, can only be achieved by assigning greater responsibility to managers andemployees.
