Nota di contenuto	Front matter -- Contents -- Acknowledgments -- Introduction. Sublime Theories, Ugly Facts -- Chapter I. The Clash of Absolutes Revisited -- Chapter II. Abortion Law in Action -- Chapter III. Equal Choice -- Chapter IV. Rule by Law -- Chapter V. Realizing Equal Choice -- Conclusion. The Allure of Pro-Life -- Notes -- Bibliography -- Index of Cases -- General Index
Sommario/riassunto	Mark Graber looks at the history of abortion law in action to argue that the only defensible, constitutional approach to the issue is to afford all women equal choice--abortion should remain legal or bans should be strictly enforced. Steering away from metaphysical critiques of privacy, Graber compares the philosophical, constitutional, and democratic merits of the two systems of abortion regulation witnessed in the twentieth century: pre-Roe v. Wade statutory prohibitions on abortion and Roe's ban on significant state interference with the market for safe abortion services. He demonstrates that before Roe, pro-life measures were selectively and erratically administered, thereby subverting our

constitutional commitment to equal justice. Claiming that these measures would be similarly administered if reinstated, the author seeks to increase support for keeping abortion legal, even among those who have reservations about its morality. Abortion should remain legal, Graber argues, because statutory bans on abortion have a history of being enforced in ways that intentionally discriminate against poor persons and persons of color. In the years before Roe, the same law enforcement officials who routinely ignored and sometimes assisted those physicians seeking to terminate pregnancies for their private patients too often prevented competent abortionists from offering the same services to the general public. This double standard violated the fundamental human and constitutional right of equal justice under law, a right that remains a major concern of the equal protection clause of the Fourteenth Amendment.

Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Cover; Contents; List of Tables and Illustrations; Acknowledgements; Chapter 1 Introduction; Chapter 2 French Parties and Parity in Context; Chapter 3 Candidate Selection, Supply and Demand; Chapter 4 The Electoral Competition Approach; Chapter 5 The Institutional Approach; Chapter 6 The Ideological Approach; Chapter 7 Conclusion and the 'Party Priorities Model'; Appendix: Interviews; Notes; Bibliography; Index
Sommario/riassunto	Gender quotas are a growing worldwide phenomenon, yet their variable implementation remains under-researched. Using the prominent case

study of France this book approaches quotas from the perspective of the key actors responsible for them – political parties.
