Sommario/riassunto	This book explores a rich cultural hybridity at the heart of transatlantic modernism. Focusing on cubism, jazz, and Josephine Baker's performance in the Danse Sauvage, Sieglinde Lemke uncovers a crucial history of white and black intercultural exchange, a phenomenon until now greatly obscured by a cloak of whiteness. Considering artists and critics such as Picasso, Alain Locke, Nancy Cunard, and Paul Whiteman, in addition to Baker, Lemke documents a potent cultural dialectic in which black artistic expression fertilized white modernism, just as

white art forms helped shape the black modernism
