	Sommario/riassunto	This clearly written and well-focused volume combines concise decisions of the primary areas of communication law with the foundational case decisions in those domains. Thus, in one volume, students of communication law, constitutional law, political science, and related fields find both the key rulings that define each area of law

and a detailed summary of the legal concepts, doctrines, and policies so vital to understanding the rulings within their legal context. The text forgoes the tendency to provide encyclopedic treatment of all the relevant cases and focuses instead on the two or three
