KEY SUCCESS FACTORS FOR REFORM; Appendix: Investment Climate Indicators: An Industry in Itself; Bibliography
Sommario/riassunto	This book describes the recent activities of the Foreign Investment Advisory Service (a joint facility of the IFC and the World Bank) to help governments in developing and transition economies to identify and remove administrative barriers to investment. Lessons learned include the critical need for political will to implement reforms, leadership from center of government, and capacity to ensure sound implementation of legislative and regulatory reform over an extended period of time, including regular monitoring and evaluation.
