Sommario/riassunto

This book recognises sexuality as a mainstream concept in political analysis and explores issues in the politics of sexuality that are highly salient and controversial today. These include conceptions of citizenship and nationality linked to gender and sexuality, the legislation about the age of consent, prostitution and 'trafficking in women', the international politics of population control, abortion, sexual harassment, and sexuality in the military. The international team of contributors provide a wide range of perspectives in a variety of contexts. On a national level they offer illustrati
