Sommario/riassunto	Packed with inspiring ideas and tips that can be used with any curriculum and on any budget, Homeschooling the Child with Asperger Syndrome explains how to design a varied study programme built around the child's own interests, making use of simple material as well

as computers and on-line resources. Parents planning to homeschool their child with Asperger Syndrome will appreciate Lise Pyles' encouraging and practical advice, including step-by-step instructions on how to assess and improve body language and social skills, accommodating the child's need for ritual or perfectionist tendencies, a
