

1. Record Nr.	UNINA9910450296403321
Autore	McCormmach Russell
Titolo	Speculative truth : Henry Cavendish, natural philosophy, and the rise of modern theoretical science / / Russell McCormmach
Pubbl/distr/stampa	Oxford, [England] : , : Oxford University Press, , 2004 ©2004
ISBN	0-19-028951-1 1-280-50309-2 0-19-534780-3 1-60256-922-3
Descrizione fisica	1 online resource (269 p.)
Disciplina	530/.0941/09033
Soggetti	Heat - History - 18th century Physics - Great Britain - History - 18th century Chemists - Great Britain Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Contents; Introduction; Part One. Natural Philosophy; Part Two. A Great Question; Appendix. Henry Cavendish's Manuscript on the Mechanical Theory of Heat; Notes; Bibliography; Index
Sommario/riassunto	McCormmach (history of science, U. of Oregon) offers an edition of 18th-century natural philosopher Cavendish's manuscript, in foul and corrected versions, on the mechanical theory of heat. He also explores physical theory in natural philosophy during the second half of the 18th century, of which the treatise is an example. Annotation 2004 Book New
