Nota di contenuto	From myth to personality disorder -- A normal asset with cultural differences -- The origins and scope of Narcissistic personality disorder -- Identifying pathological narcissism -- Differentiating pathological narcissism -- Asset or disruption? Narcissism in the workplace -- My way or no way! Narcissism and suicide -- Correction or corrosion? Changes in pathological narcissism.
Sommario/riassunto	Presents a review of narcissistic personality disorder explaining the range from personality trait to full-blown disorder. Narcissists succeed because they can articulate a vision and make others follow. This book shows the inner life of narcissists and the internal conflicts between self-confidence, arrogance, shame, and insecurity.
