Sommario/riassunto

Jayasuriya looks at the changing global and domestic political economies shaping the new regionalism in Asia, and examines the relationship between regional domestic, political and economic structures and forms of regional governance. Well-known contributors in the field focus on the impact of globalization on Asian regionalism, new security challenges, monetary cooperation, sovereignty, democratization, industry policy and China's engagement with southeast Asia. Providing a detailed overview of the conceptual foundations of regional governance, this text is an indispensable resource for all w

Sommario/riassunto

This work describes how human vision can be influenced at night time. In the first part, front lighting systems, that are already available on the market, are described and analyzed in terms of their positive effects on traffic safety. Furthermore this work is discussing, how traffic safety at night time has been increased since the introduction of high resolution headlamps.
