| Nota di contenuto       | The philosophical point of the history of ethics -- The prephilosophical history of "good" and the transition to philosophy -- The sophists and Socrates -- Plato : the gorgias -- Plato : the republic -- Postscript to Plato -- Aristotle's ethics -- Postscript to Greek ethics -- Christianity -- Luther, Machiavelli, Hobbes, and Spinoza -- New values -- The British eighteenth-century argument -- The French eighteenth-century argument -- Kant -- Hegel and Marx -- Kierkegaard to Nietzsche -- Reformers, utilitarians, idealists -- Modern moral philosophy. |
| Sommario/riassunto      | A Short History of Ethics has over the past thirty years become a key philosophical contribution to studies on morality and ethics. Alasdair MacIntyre writes a new preface for this second edition which looks at the book 'thirty years on' and considers its impact. A Short History of Ethics guides the reader through the history of moral philosophy from the Greeks to contemporary times. MacIntyre emphasises the   |

importance of a historical context to moral concepts and ideas showing the relevance of philosophical queries on moral concepts and the importance of a historical account of ethics. A Short History of Ethics is an important contribution written by one of the most important living philosophers. Ideal for all philosophy students interested in ethics and morality.
