| ISBN | 1-280-55875-X 9786610558759 0-19-535822-8 |
| Descrizione fisica | 1 online resource (254 p.) |
| Altri autori (Persone) | LenzenwegerMark F HaugaardJeffrey J. <1951-> |
| Disciplina | 616.89/071 |
| Soggetti | Mental illness - Etiology Developmental psychology Electronic books. |
| Lingua di pubblicazione | Inglese |
| Formato | Materiale a stampa |
| Livello bibliografico | Monografia |
| Note generali | Description based upon print version of record. |
| Nota di bibliografia | Includes bibliographical references and index. |
| Nota di contenuto | Contents; Contributors; I: Psychobiological Models in Developmental Psychopathology; 1. Heritable Variability and Variable Heritability in Developmental Psychopathology; 2. A Model of Neurobiology-Environment Interaction in Developmental Psychopathology; II: Developmental Models of Complex Psychopathologies; 3. Some Characteristics of a Developmental Theory for Early Onset Delinquency; 4. Markers, Developmental Processes, and Schizophrenia; 5. Developmental Psychopathology in the Context of Adolescence; 6. Behavioral Research in Childhood Autism; III: Developmental Psychopathology 7. Developmental Psychopathology: Concepts and ProspectsIndex; A; B; C; D; E; F; G; H; I; L; M; N; P; R; S; T; U; V |
| Sommario/riassunto | In the last 15 years, the field of developmental psychopathology has made enormous strides in uncovering the mechanisms and processes underlying the emergence of mental illness and dysfunction. Interdisciplinary in nature, the field has engaged the efforts of scientists with orientations ranging from developmental psychology to psychobiology. In Frontiers of Developmental Psychopathology, the |

editors have brought together some of the field's most respected researchers--including Jeanne Brooks-Gunn, Barbara A. Cornblatt, Richard A. Depue, and Marian Sigman--to discuss the latest research and to
