Sommario/riassunto	The study of group communication has never been more critical, as recent national and international events point to the fragility of group life. An emerging perspective, the bona fide group perspective, offers hope for improving group communication, for it recognizes that any group--a family, community group, expedition team, social support group, organizational work group, interorganizational collaboration, or international team--must be studied and understood within the multiple contexts in which it is embedded and that significantly affects

who is considered to be part of a group, what occu
