Titolo	Paleodemography : age distribution from skeletal samples // edited by Robert D. Hoppa, James W. Vaupel [[electronic resource]]
Pubbl/distr/stampa	Cambridge : , : Cambridge University Press, , 2002
ISBN	1-107-13024-7 1-280-43028-1 1-139-14699-8 0-511-17048-3 0-511-06326-1 0-511-05693-1 0-511-29755-6 0-511-54242-9 0-511-07172-8
Descrizione fisica	1 online resource (xiii, 259 pages) : digital, PDF file(s)
Collana	Cambridge studies in biological and evolutionary anthropology ; ; 31
Disciplina	599.9/47
Soggetti	Human skeleton - Analysis Human remains (Archaeology) Demographic anthropology Paleoanthropology Demographic archaeology Population Age distribution (Demography)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from publisher's bibliographic system (viewed on 05 Oct 2015).
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	The Rostock manifesto for paleodemography: the way from stage to age / Robert D. Hoppa and James W. Vaupel -- Paleodemography: looking back and thinking ahead / Robert D. Hoppa -- Reference samples: the first step in linking biology and age in the human skeleton / Bethany M. Usher -- Aging through the ages: historical perspectives on age indicator methods / Ariane Kemkes-Grottenthaler -- Transition analysis: a new method for estimating age from skeletons / Jesper L. Boldsen [and others] -- Age estimation by tooth cementum annulation:

perspectives of a new validation study / Ursula Wittwer-Backofen and Helene Buba -- Mortality models for paleodemography / James W. Wood [and others] -- Linking age-at-death distributions and ancient population dynamics: a case study / Richard R. Paine and Jesper L. Boldsen.

A solution to the problem of obtaining a mortality schedule for paleodemographic data / Bradley Love and Hans-Georg Muller -- Estimating age-at-death distributions from skeletal samples: a multivariate latent-trait approach / Darryl J. Holman, James W. Wood, and Kathleen A. O'Connor -- Markov chain Monte Carlo estimation of hazard model parameters in paleodemography / Lyle W. Konigsberg and Nicholas P. Herrmann -- A re-examination of the age-at-death distribution of Indian Knoll / Nicholas P. Herrmann and Lyle W. Konigsberg.

Sommario/riassunto

Paleodemography is the field of enquiry that attempts to identify demographic parameters from past populations (usually skeletal samples) derived from archaeological contexts, and then to make interpretations regarding the health and well-being of those populations. However, paleodemographic theory relies on several assumptions that cannot easily be validated by the researcher, and if incorrect, can lead to large errors or biases. In this book, physical anthropologists, mathematical demographers and statisticians tackle these methodological issues for reconstructing demographic structure for skeletal samples. Topics discussed include how skeletal morphology is linked to chronological age, assessment of age from the skeleton, demographic models of mortality and their interpretation, and biostatistical approaches to age structure estimation from archaeological samples. This work will be of immense importance to anyone interested in paleodemography, including biological and physical anthropologists, demographers, geographers, evolutionary biologists and statisticians.

Sommario/riassunto	En este volumen presentamos una transcripción fiel al original, de dos obras de Adolfo Mier publicadas en tomos sucesivos, que ahora los reunimos en uno solo. Se trata de una contribución a la historia de Oruro y a la difusión de estudios clásicos sobre este departamento,

escritos por autores orureños. La obra de Mier ha sido extensa y comprometida con su pueblo natal y con su historia. Por este motivo encontramos en la obra de este autor una variedad de temas que se relacionan con la historia local, además del aporte que significaba la publicación de documentos hasta entonces inéditos. Los libros de esta edición se publicaron originalmente a principios de siglo, el primero en 1906 y el segundo en 1913, ambos siguen una línea de pensamiento de interés y llevaron incluso un título similar. La obra de Mier es además, el testimonio historiográfico de las preocupaciones de una generación de intelectuales de principios de siglo. Aquí publicamos ambos tomos respetando las características del original, como se verá en las notas del editor.

Nota di contenuto	Front matter -- contents -- Earth Anew: A Preface -- Introduction. Humans, Jews, and the Other Others -- chapter 1. The Question of the Political: Back to Where You Once Belonged? -- chapter 2. Jews, in

Theory -- chapter 3. Talmudic Self-Refutation (Interpersonality I) -- chapter 4. Conceptions of the Human (Interpersonality II): The Limits of Regret -- chapter 5. Apodictic Irony and the Production of Well-Structured Uncertainty: Tosafot Gornish and the Talmud as the Political after Kant -- chapter 6. Formally Human (Jewish Responses to Kant I) -- chapter 7. Mis-Taking in Halakhah and Aggadah (Jewish Responses to Kant II) -- chapter 8. The Earth for the Other Others -- Acknowledgments -- Notes -- Index

Sommario/riassunto

Denying recognition or even existence to certain others, while still tolerating diversity, stabilizes a political order; or does it? Revisiting this classical question of political theory, the book turns to the Talmud. That late ancient body of text and thought displays a new concept of the political, and thus a new take on the question of excluded others. Philosophy- and theology-driven approaches to the concept of the political have tacitly elided a concept of the political which the Talmud displays; yet, that elision becomes noticeable only by a methodical rereading of the pages of the Talmud through and despite the lens of contemporary competing theological and philosophical theories of the political. The book commits such rereading of the Talmud, which at the same time is a reconsideration of contemporary political theory. In that way, The Political intervenes both to the study of the Talmud and Jewish Thought in its aftermath, and to political theory in general. The question of the political for the excluded others, or for those who programmatically do not claim any "original" belonging to a particular territory comes at the forefront of analysis in the book. Other Others approaches this question by moving from a modern political figure of "Jew" as such an "other other" to the late ancient texts of the Talmud. The pages of the Talmud emerge in the book as a (dis)appearing display of the interpersonal rather than intersubjective political. The argument in the book arrives, at the end, to a demand to think earth anew, now beyond the notions of territory, land, nationalism or internationalism, or even beyond the notion of universe, that have defined the thinking of earth so far.

The Contradictory Politics of AIDS: Public Moralism versus the Privatized State -- PART 3. READ OUR LIPSTICK: FURTHER IMAGININGS -- 6. Revisioning Privacy for Democracy -- 7. Imagining Feminism: Women of Color Specifying Democracy -- Postscript -- Notes -- Index
Sommario/riassunto	In this provocative volume, Zillah Eisenstein uncovers the hidden sexual

and racial politics of the past decade. Beginning where she left off in her award-winning book *The Female Body and the Law*, Eisenstein takes the reader on a feminist-inspired road trip, traveling from the thicket of recent abortion decisions to the revolutions of 1989 to the murky chambers of the Anita Hill/Clarence Thomas hearings. Along the way, she enunciates a wholly original conception of individual privacy and sexual rights. Eisenstein brings a range of topics to her discussion: the L.A. riots, crack babies, Murphy Brown, political correctness, the 1992 presidential election, the Gulf War. She seeks to redirect our thinking about democracy away from universal conceptions that mask racial and gender oppression to the specific realities of women and people of color. A respect for multiple differences--as represented in the needs of women of color and their bodies--is, she says, essential to inclusive universal rights. Reproductive freedoms and sexual equality, not abstract notions of civil liberties, provide the wellsprings of a meaningful democratic life. Using this perspective to evaluate the Eastern European revolutions of 1989, Eisenstein finds that the separation between their ideals and the reality of the market system illustrates the failings of democratic theory, especially for women. Eisenstein's controversial arguments will provoke a rethinking of what race and gender mean today.
