Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references (p. [195]-227) and index.
Sommario/riassunto	State sovereignty is the foundation of international relations. This thought-provoking book explores the gap between seeing sovereignty as either absolute or relative. It argues that state sovereignty is both factual and judicial and that the 'loss' of sovereignty exists only at the margins of the international society. With many interesting real-world examples of ambiguous sovereignty examined, this is an important argument against those who are quick to claim that 'sovereignty' is under assault.
