Note generali	"Builders Without Borders (BWB) is a nonprofit organization dedicated to serving the underhoused. We are an international network of ecological builders with the mission to form partnerships with communities and organizations around the world to create affordable housing from local materials, and to work together for a sustainable future. ... Our members and network include professional engineers, architects, builders, and educators on the cutting edge of alternative technologies, many of whom have contributed to this book."--p.xiii-[xiv].
