Political science in the United States: past and present David EastonIndex

**Sommario/riassunto** In recent years the history of political science has become recognised as an important but neglected area of study. The Development of Political Science is the first comprehensive discussion of the subject in a comparative international perspective. Offering a wide-ranging account of the development of the subject and its dissemination across national borders and cultural divides, the book begins with a study of the historiography of the discipline in the United States, a country which has been at the forefront of the field. Widening its discussion to emphasise Western Europe as a foc
