Sommario/riassunto	How should schools deal with religions in matters of curriculum, procedure and policy?As Western society becomes increasingly multicultural in character, schools must reassess the provision of religious education and look at how they might adapt in order to accommodate students' diverse experiences of plurality. This book offers a critical view of approaches to the treatment of different religions in contemporary education, in order to devise approaches to teaching and learning, and to formulate policies and procedures that are fair and just to all. Beginning with a contextual overview
