Sommario/riassunto	While slavery is often at the heart of debates over the causes of the Civil War, historians are not agreed on precisely what aspect of slavery--with its various social, economic, political, cultural, and moral ramifications--gave rise to the sectional rift. In Calculating the Value of the Union, James Huston integrates economic, social, and political

history to argue that the issue of property rights as it pertained to slavery was at the center of the Civil War. In the early years of the nineteenth century, southern slaveholders sought a national definition of property rights

2. Record Nr.	UNISA996389338503316

A Single Author for the Pentateuch?; B. The Sources; Bibliography; Index of Biblical References; Index of Authors
Sommario/riassunto	Whybray's recent book is a masterful review of all the options set out by critical scholarship since Wellhausen, i.e., over the last century. It is an exhaustive and up to date treatment, concise and highly readable." E. Dyck, Crux "Sensitive to standards of ancient historiography and parallels from the Greek sphere, Whybray proposes that the Pentateuch is the work of an ancient historian, possibly designed as a supplement or prologue to the deuteronomistic history.
