framework for nonbank e-payments / Anita Ramasastry -- The failure of fair information practice principles / Fred Cate -- Privacy self regulation : a decade of disappointment / Chris Jay Hoofnagle.

Sommario/riassunto

This volume considers the impact of technological innovation on the foundations of consumer advocacy, contracting behaviour, control over intellectual capital and information privacy. A unique and timely perspective on these issues is presented by internationally renowned experts who provide novel approaches to the question of what consumer protection might consist of in the context of technological innovation.
